CITY TO REVISE DRAIN PETITION

Councilmen Decide to Start Over
Again in Court Proceedings to
Enclose Hodges Branch

THROWN OUT SEVERAL TIMES

Attorneys are Instructed to Get
Started Right This Time—Other
Notes of Meeting

The proposed improvement of the enclosing of the Hodges Branch drain with a concrete sewer, which has been under fire for almost a year, and was thrown out of court last week on account of an error in the record, will again be pushed forward, according to the decision reached Tuesday night at the regular session of the city council.

Although the case had three chances in the circuit court, and failed, yet the councilmen believe that the project will go through now, and the entire matter will be started over, where it was originally begun.

The cause was abated last week on account of the record of the city council not being complete, as to defining the boundary lines, and the city attorney, J. V. Young was instructed to begin the proceedings over, and present the new documents at the next meeting night, March 6.

Donald L. Smith and John A. Tittsworth, attorneys, also will assist the city attorney in the deal. The same plan will be followed again, appealing the matter to the circuit court in order to secure legal right to assess all property affected by the improvement, which includes 1200 or 1500 acres of farm land north of the city.

The farmers north of Rushville object to the proposed improvement, but the contention of the councilmen is that the water accumulates on these lands and causes the high waters in Rushville, and that they should pay their share in taking the water away. It is understood that the farmers object to paying a sewer assessment for the city of Rushville.

The usual routine of business was transacted at the meeting last night, and a proposition was submitted by McGuire and Shook, architects, for the construction of a new roof over a portion of the water and light plant, which will be made necessary when a coal loader is purchased. Their proposition was deferred until definite action is taken on the bids for a coal unloader.

Two firms who had bids for the coal conveyor will be here Friday night and discuss their machinery in more detail, as it is understood that the councilmen have about sifted the bids to a few firms.

A telephone was ordered installed in the office of the city street commissioner, in his building recently converted into his headquarters, at Market and Washington streets.

The usual accounts and bills were allowed and the meeting adjourned.

SEVERAL CLAIMS ARE FILED

Court Matters Quiet Today on Account of Judge's Absence

OHIO WOMAN IS NOT CATHERINE WINTERS

Newcastle Dentist Says Picture
Which He Received Does Not
Resemble Missing Daughter

DISAPPEARED 10 YEARS AGO

Newcastle, Ind., Feb. 21.—After seeing a photograph of Mrs. Clyde Taylor of Middleport, Ohio, who thought she might be the missing Catherine Winters, Dr. W. A. Winters, father of the girl who disappeared from here on March 20, 1913, announced today that Mrs. Taylor was not his daughter and he would not go to Middleport for a further investigation. Mrs. Taylor claimed she was kidnapped when a small girl and that she recalled having been called Catherine Winters. Dr. Winters said the photograph showed no resemblance to his daughter, although he admitted there would probably be a great change in the course of nearly ten years. He said Mrs. Taylor's eyes did not correspond to his daughter's and there was nothing in the facial expression to indicate a similarity.

The photograph of Mrs. Taylor was sent here by C. A. Hartley of Pomeroy, Ohio, which is adjacent to Middleport. Hartley explained he was merely taking an interest in the case. A letter was also received from Mrs. Taylor, in which she related her story of being kidnapped and of recently visiting a fortune teller who mentioned the name of Catherine Winters and how a neighbor had told her the story of the disappearance of Catherine Winters.

MAN BEATEN IS PLACED ON RAILROAD TO DIE

Unidentified Man, Killed by Train
Near Plymouth. Bore Signs of
Having Been Robbed First

MYSTERY SURROUNDS AFFAIR

Plymouth, Ind., Feb. 21.—Beaten into unconsciousness, robbed and placed on the tracks of the Pennsylvania railroad near here today, under the wheels of an engine, the unidentified body of a man was found by authorities.

A spark of life which made the heart beat faintly, flickered out as soon as the victim was discovered. An east bound train had passed over the body severing one leg and otherwise mutilating him.

Authorities said the man apparently had been tied to the tracks in a dying condition in an effort to conceal a murder, assault and robbery.

It was learned that the man had withdrawn \$150 from a bank in Chicago a short time before. The railroad schedule revealed he could not have come here on a train between the time of the withdrawal of the money and the time the body was discovered. This led authorities to follow the theory that he had been slugged and robbed in Chicago and brought here in a fast automobile.

Spectacular Filibuster by Senators
Cause Ship Subsidy Bill to be Delayed, it is Charged

LONG SESSION LAST NIGHT

Some Senators Occupy Floor in Long
Speeches About Topics of Little
Importance

Here's What the Senators
Talk About on the Floor

Washington, Feb. 21.—Today's chief contributions to the senate ship subsidy filibuster were to include:

Senator McKellar, Tennessee: From six to eleven hours or more, reading Senator Smoot's 1915 filibuster speech on the Wilson ship bill.

Senator Stanley, Kentucky: Two hours on prohibition and general topics.

Senator Borah, Idaho: One hour of Russia.

Senator Heflin, Alabama: Indefinitely on King Tut-Ankh-Amen and his relation to the present federal reserve system and the "wolves of Wall street." Filibuster speeches already made included: Senator Shepard, Texas, ten hours forty minutes on the league of nations.

Senator Williams, Mississippi, 43 minutes on "republican short comings" and "lame ducks."

Senator Caraway, Arkansas, ten minutes on the dismissal of bureau of engraving employees.

Senator Reed, Missouri, two hours on buying the West Indies.

Senator Harrison of Mississippi has collected all bills not passed by the senate, numbering more than one hundred. He plans to have them and the reports thereon read as amendments to the ship subsidy bill and make a speech on each one.

By LAWRENCE MARTIN
(U. P. Staff Correspondent)

Washington, Feb. 21.—President Harding is to be appealed to today to stop spectacular senate filibuster that is not only slowly strangling the ship subsidy bill but is tying up much other important legislation.

With the situation completely in the hands of the filibusterers some administration senators planned to ask President Harding either to surrender on the ship subsidy and permit it to be dropped, or to whip into line the filibustering senators. As most of these are democrats, however, Harding has about as much power over the filibuster as the wholly powerless administration leadership of the senate itself.

Either the administration must yield, the filibuster must be won over to some compromise or the session will die in the worst tangle jam in the last decade.

The decision to go to Harding was reached last night after a session lasting 12½ hours in which the filibusters, demonstrated how complete was their grip on the situation. They were not strong enough to outvote the administration forces, but they could tie their hands and this they did with comic regularity throughout the evening.

The recess was taken at 11:37 p. m. until 11 o'clock this morning to

Stout Folks Damage King Tut's Shrine

Squeezing Past Gorgeous Gold Canopy Covering Calafaque and Nearly Filling Burial Chambers Crush Fragile Texture of Tomb and Further Incursions Are Barred

(By United Press)

Luxor, Feb. 21.—Stout visitors to the inner tomb of King Tut-Ankh-Amen, squeezing past the gorgeous gold canopy that covers the calafaque and nearly fills the burial chambers have damaged the fragile texture of the shrine and further incursions are barred.

Lord Carnarvon, who, with Howard Carter, traced the ancient monarch to his last resting place, was horrified to discover that the delicate traceries of the canopy had been rubbed away in spots by passage of his guests for whom the 18 inches of space between the tent like covering of the sarcophagus and the walls proved inadequate. From now on, the privileged few permitted within the lines may only peep into the inner tomb through the opening torn through the wall on Friday.

Egypt is beginning to agitate for her own. Although the discoveries were British, there is a strong movement on foot to force the Egyptian government's hand and require that the priceless treasures of the tomb be taken to Cairo and kept there, in possession of King Faeud, now ruling 3500 years after Tut-Ankh-Amen.

Another movement is afoot to let the monarch of 3500 centuries ago rest in the "Valley of Kings" where he witnessed his priestly glory.

Others want to erect a museum in the valley and protect the priceless relics of Tut-Ankh-Amen.

At any rate the king's tomb will be sealed until autumn when return of moderate weather will permit further removal of the catacomb's treasures.

Ford Reincarnation of King Tut

Denver, Colo., Feb. 21.—The soul of Tut-Ankh-Amen, pharaoh of the Nile of 35 centuries has been reborn in the fleshy mould of Henry Ford, according to Frank D. Hines, "soul scientist."

Hines, who recently declared a woman's head had followed him about for several days sent his astral body on a rush trip to Luxor, Egypt, and into the tomb of the ancient ruler, he explained today.

"As soon as I returned, I recognized Henry Ford as the re-incarnation of 'Tut-Ankh-Amen', said Hines, "The latter had the gift of drawing the world's wealth to him. He was of the acquisitive type."

Hines added that the ancient monarch also had occupied the "fleshy mold" of a Caesar and an emperor of China in the twelfth century.

SPEAKS AT MORRISTOWN

Judge Sparks Helps Dedicate New
Community Building

Judge Will M. Sparks delivered the principal address Tuesday night at Morristown when the new community building in that town was officially dedicated.

The new community building embodies all of the excellent qualities of a modern building, and a large auditorium is provided for meetings of all kinds with conveniences for the public. A large room also is provided for banquet purposes and the farmers of the community will have ample room for institutes and federation meetings. The building was donated by the town council, and a donation of \$8,000 was made by a citizen, and the rest of the money was raised by subscriptions. A balance of \$700 was all that remained unpaid, and following the address of Judge Sparks, an effort was launched to close the debt.

ANCIENT TEMPLE IS BEING UNEARTHED

Landmark in Mesopotamia, Built 25
Centuries Before Christ, Expected
to Reveal Ancient History

IS OLDER THAN KING'S TOMB

Philadelphia, Feb. 21.—A Babylonian temple built 25 centuries before Christ—centuries more ancient than the tomb of King Tut-Ankh-Amen in Egypt—has been discovered at Ur. Mesopotamia, according to Sir Frederick George Kenyon, director of the British museum.

The discovery was made by the joint expedition by the British museum and the University of Pennsylvania.

Sir Kenyon, in Philadelphia today told the university officials the inner secrets of the discovery.

The temple, now being unearthed, is believed to have been erected in the time of Abraham, Nebuchadnezzar of Biblical history, is thought to have made extensive repairs on it, although the building is one thousand years older than the Babylonian king.

Excavating at Mesopotamia was first started by the University of Pennsylvania more than 25 years ago. The work was halted at the beginning of the World war and a fresh start was made last year, under the direction of four scientists.

AMENDMENTS STILL HOLD LEGISLATORS

Measures of Little Importance, Adding
to Appropriation Bill, Takes
up Morning Session

BILL NOW TOTALS \$17,653,102

Sen. Lindley's Motion to Strike Out
Reformatory Appropriation is
Placed on Table

Indianapolis, Ind., Feb. 21.—Many minor amendments still further increasing the total of the appropriation bill, were added by the senate today while the house spent the morning considering measures of little importance.

Indications in the house were that the action of the senate in boosting the total by more than two million dollars above the figure set by the representatives, is to be stoutly opposed by some of the republicans as well as by the entire democratic minority.

The bill now carries a total appropriation of \$17,653,102.22.

It now rests in the senate after a day and a half of consideration. It is ready to be brought up for second reading.

The sum of \$64,665.85 was added today. Of this \$14,000 went to the state department of conservation as an additional appropriation for the next two years.

Another close fight on the reformatory appropriation resulted in a victory for the administration.

Senator Alonzo Lindley moved to strike out the two million dollar appropriation and to instruct the senate finance committee to draft a new appropriation bill for the reformatory showing an itemized form where every dollar to be spent would go.

Lindley said the tax payers had a right to know for what their money is being spent.

A motion of Senator Richards to table Lindley's was carried 26 to 21.

Another bill failed in the house when the committee report recommending indefinite postponement was adopted. It included, conferring the power to land owners or occupants to arrest anyone violating the fish and game law on their property. Permitting counties to issue bonds to pay for returns on roads, under the three mile law the cost now which would exceed \$500; prohibiting smoking in cafeterias or restaurants frequented by women.

Appropriation continued to hold the center of the stage in the legislature.

UPHOLDS TRADITION OF DOG FIDELITY TO MASTER

Decatur, Ind., Feb. 21—All the traditions of a dog's fidelity to its master were upheld by a little mongrel which led neighbors to the lifeless body of Solomon Wolfe, 61, who died from tuberculosis.

School children in Berne near here saw the aged man at home a few days before his death was discovered. He had asked them to bring him water. He was unable to go out for it.

Residents of the community went to the home when they had failed to see the aged man for some time.

The little dog wagged its tail joyfully when the neighbors entered the home and ran into a bedroom, where the body was discovered partly clothed, lying halfway under the bed. Death apparently had occurred while Wolfe was retiring in the solitude of his home. The dog had slept beside the corpse on a pillow.

You will be amazed to see how the use of "Bull" Durham will cut down the cost of your smoking.

How is it possible to give you quality at the low cost of 10 cents for 50 cigarettes?

Here's one reason: The government tax alone on 50 machine-made cigarettes is 15 cents—5 CENTS MORE THAN THE COST OF 50 "BULL" DURHAM CIGARETTES TO YOU!

The average smoker saves \$1 to \$1.50 a week by "rolling his own" from "Bull"—or from \$52 to \$78 a year. This makes quite a Christmas fund—or pays for a fine trip.

There really is no smoke in the world so altogether satisfactory.

A "Bull" smoker never switches. You can't interest him in any new experiments. He carries his preference wherever he goes.

This is because the special flavor and aroma of "Bull" Durham make a cigarette that can not be duplicated.

THE GOLDEN RULE:—As ye would do that men should do to you do ye also to them.—Luke 6:31.

The Sun's Comeback

Old Sol may scorch and smite us in summer. But he seems the world's best friend, in these days of late winter when he rises earlier each morn, bringing a presage of longer daylight, renewed fertility, and outdoor pastimes.

The short days of winter have never been popular. Yet this curtain of early dark serves its purpose, and shuts out distractions that turn one from self improvement and from one's daily tasks. In winter people

find time to read their newspapers more thoughtfully, to ponder over good books, to enjoy friendly intimacies. The cool weather stimulates energy, and working habits are less interrupted by outings and vacations.

But the returning sun brings a thrill of anticipation. Folks who fret and grumble under the July sun, are yet captivated by the fascinations of the seed catalog which they study under the February lamp. The women folks are excited by the spring fashions, and plan new and fetching costumes.

It is not surprising that primitive peoples worshipped the sun. His departure in autumn seemed the defeat of life. His return in spring was the victory of light and fertility. There is something majestic in this procession of the seasons. It gives one confidence in the universe, makes one feel that seed time and harvest, day and night, summer and winter, shall not fail, but each shall perform its loving service for the welfare of humanity.

Gass Pains of the Digest

The Literary Digest throws a few fits under the heading, "America aloof as Europe burns." The only trouble with this is that it is not true. America is not aloof. We have been aiding Europe by extending commercial credits to the amount of more than a billion dollars a year since the close of the war. We have sent shiploads of supplies to the hungry in Russia. Our Red Cross has given aid wherever needed. Our Government has deferred collection of either principal or interest on the debts due us, Great Britain alone having paid a part of the interest due from that nation. Moreover, our Secretary of State has pointed out to France and Germany the only practical means of settling the reparations dispute without resort to force—the appointment of a commission of prominent business men who will survey the resources of Germany and determine her ability to pay. The United States has held aloof in only one respect—it has refused to become embroiled in the

fetters of Europe. Let the Literary Digest get as hysterical as it likes—the rest of the country will remain calm.

Cabinet Migrations

With the adjournment of Congress the President and the heads of his executive departments will plan to spend part of the spring and summer away from Washington. Mr. Harding will go to Florida, and later make an extended trip through the West and perhaps to Alaska. Secretary Hughes will go to Chile to attend the pan-American conference there. Secretary Denby will witness the fleet maneuvers in the Pacific. Other secretaries will familiarize themselves with the field work of their respective departments. While the President is getting in personal touch with the people he serves, his aides will see their policies actually carried into effect by their forces outside of Washington. Many editors will have a lot to say about official junkets at public expense, but efficient administration comes only with thorough familiarity with the business in hand. The huge economies of the administration are sufficient answer to carping critics.

WEEKLY STORE NEWS From ALLEN'S

What shall I have for dinner? It is perplexing at times not to be able to think of something different for a meal and when we are asked this question (which is quite often) if the articles we mention do not appeal to the lady we suggest that she come to the store and look around for a few minutes. There are so many things displayed on our shelves that are "just a little different" that it makes the planning of a meal easy.

The sugar market is in a very unsettled state. We feel that the present condition is not justified by facts. The advances of last week were caused by reports of a shortage in the raw sugar crop. From information that we are able to get from government reports and trade papers there is almost as much sugar available for this year as there was last year. If folks will not get excited and will buy in small quantities just as needed there is no danger of extremely high prices but if everybody rushes in and tries to buy all the sugar in sight they will be playing directly into the hands of the speculators who are responsible for the present flurry and the increased demand will be used as an excuse to boost prices higher. If sugar prices should get sky high the consumer will be the cause of it.

Next week is National Canned Goods week. In our ad next week we will have special prices on many articles that will make it worth your while to stock up for the rest of the canned goods season.

GOSNELL RESTS FOR TOURNEY

Coach L. E. Means and his squad of eight players arrived home at Moscow from the Tri-State tourney, none the worse for the trip, and are getting ready for the two games this week.

Milroy will meet them tonight at Blue Ridge and then on Friday night the Moscow team will journey over to Morristown for a game.

Gosnell, star center and one of the mainstays of the team, was sick and could not go to the Cincinnati tourney, yet without his services Moscow scored as many field goals against the Elwood team in the two ten minute periods, as any other team did in their 15 minute halves.

Gosnell probably will not get into the Milroy game tonight, but will save himself for the last game at Morristown and for the sectional tourney here next week.

New York — Claude Jonnard and George Walberg pitchers and Ralph Shimmers, outfielders, have returned signed contracts to the Giants office.

Skin Ablaze with Eczema Constant Itching Almost Unbearable!

We know there is one thing that stops eczema, and that is more red-blood-cells! S. S. S. builds them by the million! You can increase your red-blood-cells to the point where it is practically impossible for eczema to exist. We know that as

blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you, eczema sufferers, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it! Skin eruptions, eczema with its fiery, skin-digging torture and its soul-tearing, unrelenting itching, pimples, blackheads and boils, they all pack up and go when the tide of blood-cells begins to roll in! Blood-cells are the fighting giants of nature! S. S. S. builds them by the million! It has been doing it since 1828! S. S. S. is one of the greatest blood-cell builders, blood-cleansers and body-builders known to us mortals! When you put these facts together—then to continue to have eczema and skin eruptions looks more like a sin than a disease. Mrs. Arthur N. Smith, Pearl St., Newark, Ohio, writes:

"My little girl had a very bad case of eczema. She began taking S. S. S. and in well now. I thank you very much. I tell my friends what a good medicine it is. I cannot talk too much about it, for I know it is O. K."

Here is your opportunity. S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it cures rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down. S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.

S.S.S. makes you feel like yourself again

WE'RE GOIN' TO GIVE HINTS ON GOOD HOUSEKEEPING

Dear Hittin' 'em: "When the basketball season is over, what are you going to write about?"

ANXIOUS FAN

† † †

We'll turn this column over to our society editor then.

† † †

MAYBE YOU KNOW A FAN LIKE THIS

Ain't it a lot of fun to be sittin' at a basketball game, and have someone right behind you, call all of the fouls for the referee and explain the game as it goes along? What fun do you get out of the basketball games?

† † †

Dear Hittin' 'em—Why isn't the band entitled to a good seat at the games, as well as the rest of us? They may not pay admission as we do, but if their services are not worth the price of admission, why have a band at all.

How about Mr. Taylor and Lucas and the other fellows from the city band that have been giving their time and services gratis to the school band in order to encourage the youngsters. Some of these fellows have been playing with the school band for the last three years. Do you think putting them where they couldn't see the games would be fair to them, or an inducement to the youngsters to have a band?

A Loyal Friend to the Band.

† † †

AS WE SED BEFORE

Well, it is just the same as Hittin' 'em said the other day: The fan who suggested the idea, ought to move downstairs where there is plenty of room. He might come a little earlier and have the pick of seats.

† † †

BUT EVEN AT THAT, THOSE GLASS BANKING BOARDS WOULD BE MIGHTY FINE, DON'T YOU THINK?

† † †

YOU GOTTA BIG JOB, CARTHAGE

Carthage tackles Shortridge at Indianapolis Friday night for their last game of the season before the sectional. We'd like to see the Rush county team bring home a victory.

† † †

WE'RE GONA GO SOMEPLACE

The days are not far distant when the curtain will fall on basketball in this state. When the curtain falls, Hittin' 'em and Missin' 'em will visit Santa Claus or some other relative until next December.

† † †

JAKE PARRISH DOOR KEEPER AND BOUNCER AT THE HIGH SCHOOL GYM, TELLS US THAT HE IS CONFIDENT THAT RUSHVILLE WILL DEFEAT ANDERSON FRIDAY NIGHT.

† † †

WHAT ELWOOD HOPES TO DO

Elwood will be a hard foe Saturday night. They have won 23 straight games, including the ones in the Tri State tourney, and on Friday they play Pendleton, expecting to round out their season of 25 games with a clean record over Rushville.

† † †

Elwood, you know, even has their head set on winning the sectional at Anderson. We kinda doubt it.

† † †

WE LIKE TO DOUBT

On the other hand, Connorsville even has their head set on winning the Rushville sectional. We kinda doubt that also.

† † †

THANX MOSCOW

Dear Hittin' 'em—We noticed your little article regarding the manner and attitude of all the neighboring schools as being so hostile to Rushville Hi, etc., and feeling between these schools so bitter. We wish you would strike us off that list as we

admired and appreciated the sportsmanship and clean manliness exhibited to us after we defeated Rushville in the invitational, by every Rushville player, Captain Phillips and Coach Jones. No cleaner, manlier, opponents we ever had or ever want, and Rushville we're wishing for your success. Signed,

MOSCOW H. S. B. B. TEAM

† † †

WE NEED A COUNTY SPIRIT

If all of the county towns would get-together and have a county spirit, we would all be better off. Hittin' 'em can remember many instances where Rush county towns would lend their aid in games to some other team outside of the county. If the final contest of the sectional tourney should fall to the lot of Connorsville fighting, Moscow, Webb, Milroy, Carthage or any town in this county, we all should have enough pride to support our home teams first. We owe it to them, regardless of petty feelings. Just because Rushville gets knocked off by Moscow, should not turn the Rushville rooters against Moscow. It really should work the other way. If they are strong enough to win, then everyone in the county ought to get behind them, and push the county spirit. We're for the best team in the county.

† † †

Moscow and Milroy tackle each other tonight over at Blue Ridge. Gosnell, center for Moscow is still off on account of sickness, so the prospects of the Orange township team are not very bright.

† † †

We didn't make a bad guess on the Vincennes-Garfield game. We said the score would be 47 to 25, but it was 50 to 24 last night.

† † †

Manilla lost to Shelbyville in a practice game Monday afternoon, 21 to 49.

ARLINGTON WINS IN FINAL TOURNEY GAME

Deciding Game is Played Tuesday
Night and Winner Will Meet Muncie Team in State Contest

JUNIORS WERE RUNNERS-UP

In the final wind-up of the Independent basketball tourney held in Arlington Tuesday, the Arlington Juniors defeated Orange, 38 to 25, in the first game of the evening series. The game was well played, and was close throughout the game until the last several minutes of play when the Juniors pulled away from Orange.

In the second game of the evening Arlington-high school girls won from the Manilla girls 25 to 22. The last game, which decided the victors, was played between the Arlington A. C.'s and the Arlington Juniors, and the final outcome was 39 to 21 in favor of the A. C.'s.

The A. C.'s, who were the winners of the tourney, of this district, will play the Muncie Maroons, in the state tournament at Indianapolis Thursday afternoon at three o'clock.

The tourney games were played last Friday and Saturday, but the Connorsville team which won, was protested on professionalism, and it was necessary to play part of the tourney over, which gave the game to the Athletic club of Arlington.

LINGERS TEN DAYS

Muncie, Ind., Feb. 21.—After lingering for more than a week, Mrs. Nellie Applegate, 35 is dead here from burns suffered in the explosion of a gas stove at her home ten days ago. Brant Applegate the husband died a few hours after the explosion and Pearl, 10, the only daughter who is still living, is burned so badly she will be a cripple if she survives.

AN OBSERVER

Indianapolis, Ind., Feb. 21.—Members of the house of representatives indulged in a minute of play when Miss Elizabeth Rainey of Indianapolis, only woman law maker, introduced a bill to change the law concerning marriage and divorce.

"What right has Miss Rainey to introduce a marriage and divorce bill?" asked J. Glenn Harris of Lake county. "She hasn't any experience."

Miss Rainey leaped to her feet with a smile and remarked: "Perhaps not, but I have learned a lot from looking on."

Magnates Expect Big Year

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Feb. 21.—Big league baseball parks are being enlarged during the off season so that room for 461,000 fans can be found around the two circuits. This is an increase of over 100,000 seats.

Owners of the New York Yankees put close to \$2,000,000 into a new stadium that will accommodate 65,000 and can be increased to 100,000 if the need arises.

The Yankee owners are the shrewdest business men in baseball and they must think that they are making a good investment of their money.

Improvements bring added seating capacity at the Polo grounds and the Cubs park indicate that other owners figure that the baseball business will be good in the future.

Business wasn't as good last season as it was in the years immediately following the war, but no one expected it to be. A slump had to come and when it did arrive it was fortunate that it didn't run away with itself.

From mid-winter observations it looks like a four team race in both leagues. Business ought to be good if there is such keen competition and a hot race.

Then also there is the case of Babe Ruth.

If the Big Fellow comes back next spring and starts socking them from the first day, baseball is bound to have a huge year, because the prowess of the swat king will help the game everywhere.

Should Ruth get going good from the start, he'll set a new mark because he ought to be in shape the way he has been acting this winter and all he needs is the old confidence.

It has been the cause of frequent complaint that the New York boxing commission pays little heed to what happens in the smaller clubs. It would seem that a little more vigilance would have prevented the arrangements which made the late Andy Thomas, a most promising welterweight, take off nine pounds for a lightweight opponent. The commission is doing its best to keep champions from going out of their class to heavier divisions and in the future the inspectors of the commission should stop the practice of making too much weight to get down into a lighter division.

For the first time since he selected the eastern field as a new world to conquer, Johnny Heisman, former Pennsylvania coach, is going to have a real schedule to put a team through next season. It isn't John's fault, however. The schedule was made up before John was signed as coach.

Miss Irene Reardon of Rushville sang two beautiful numbers and all were charmed by her sweet voice and personality. Lucile and John Edward Porter gave two clever monologues and were forced to respond to an encore by an appreciative audience. At this time the folding doors of the dining room were thrown open and we beheld the grand old family of George Washington, seated around the table. COUNTERFEIT GANG ROUNDED UP TODAY

New York, Feb. 21.—A gigantic counterfeit corporation with "manufacturers," "wholesalers," and "retailers" of false bank notes, was revealed this afternoon following the arrest of twenty eight alleged members of the gang.

Capture of the alleged counterfeiters today brings the total under arrest to sixty four and marks the partial culmination of a chase that has led Federal Agent Joe Palma and his operatives to all parts of the world since August 22, 1922.

Notes broadcasted by the gang which was rounded up last night and today found their way to Europe, Cuba and the Bahamas. They were circulated abroad by bootleggers who had been themselves victimized by the counterfeiters.

AMUSEMENTS

TWO DAYS AT PRINCESS

Impressively done is the Cosmopolitan production, "The Pride of Palomar," which will open at the Princess Theatre today for a two day's showing. The cast is an all star one featuring Marjorie Daw, and including such well known players as James Barrow, Joseph Dowling and Warner Oland.

The title is a familiar one to many the picture having been adapted to the screen from the widely read novel of the same name, by Peter B. Kyne. Treating a vital problem with intelligence, the story has a wide appeal. Frank Borzage, who produced "Humoresque," "The Valley of Silent Men" and "Get Rich Quick Wallingford," was the director. Plentiful evidence of the Borzage touch is evident in the production, while the work of the admirably selected cast is splendid.

At The Mystic Today

A treat is in store for the amusement lovers of Rushville. For today there will be shown, the William Fox production of "Catch My Smoke," Tom Mix' latest starring vehicle which has been the talk wherever it has been exhibited. Not only does the story appear interesting but the acting, direction and photography, according to the producer. There are also deft touches of comedy throughout.

"Catch My Smoke" tells the tale of a returned soldier from France (Tom Mix) who, upon arriving at his ranch discovers plans afoot to do away with him when his enemies discover oil upon his property. How he eludes his enemies with the able assistance of his equine pal—Tony—rescues the girl of his dreams and comes into his own ought to provide six reels of absorbing action.

TO ASK HARDING TO STOP DELAY

Continued on Page Six
permit two measures to be taken. One was the appeal to Harding, the other an attempt to arrange a compromise.

Last night's recess ended a session thoroughly enjoyed by a big crowd in the galleries which was enabled by the recess motion to reach home only a little later than those who paid their way into regular theatres. The senate's performance particularly in the hour from 9:15 to 10:15 was regarded by the galleries one of the season's most enjoyable comedies.

Its title might have been "Hide out," or "quorum, quorum, who's got the quorum?"

Senator Jim Reed, Democrat had been speaking since 7:15 p. m., on the advisability of the United States buying the French and British West Indies. Some of his colleagues thought he was tired.

"Let me call a quorum, Jim," suggested Senator Robinson, in a loud whisper. Reed assented. Curtis, watchful Republican whip, made a point of order that Reed couldn't yield without losing his place. The senate wrangled about it but finally the roll was called and there was no quorum. Senator Robinson, Democratic leader, then moved to adjourn. This motion lost, again disclosing that there was no quorum.

AMENDMENTS STILL HOLD LEGISLATORS

Continued from Page One
lature today with continuation of the senate fight over the items approved by the house.

Up to the time the senate resumed its deliberations, a total of \$2,113,120 had been added to the bill and \$25,000 had been taken from the appropriation for the public service commission. In the form is passed the house, the bill carried a total of \$16,000,000 to maintain governmental departments and institutions for the next two fiscal years.

Included in the additions was \$500,000 for the reformatory at Pendleton. This restored the total reformatory appropriation to the \$2,000,000 figured asked by Governor McCray from \$1,500,000 to which the house representatives reduced it.

That item was the subject of long debate. Senator Walter S. Chambers democrat made a futile effort to reduce the appropriation to \$750,000. The rising vote announced as 25 to 21 showed six republicans—Lambert, Behmer, Cann, Hartzell, Barker and Lindley—voting with the democrats. Senator Hays, a democrat voted with the republicans Senator King, democrat did not vote.

Members of the republican majority who intended to submit to the senate amendments balked when the amount of increase became known. Indications were that the revised bill would meet strong opposition when it returns to the house for concurrence in senate amendments. Two or three republicans voting with the democratic minority in the house would reject the additional money and might even jeopardize the bill in its entirety.

Here are the additions made to the bill late yesterday:

Insurance department, \$10,000; Adjutant general \$23,000; Department for public instruction, division of teacher training, \$1,100; division of school inspection \$3,900; Indiana University, service plant for hospitals and school of medicine, \$275,000; State Normal at Muncie, power plant \$85,000, science hall \$128,200; sewer \$16,000; Purdue University power plant \$275,000; school for deaf \$1,000; state library \$5,000; Board of state charities, \$8,000; eastern hospital for insane \$37,000; Southern hospital for insane, \$91,000; Farm colony for feeble minded \$80,000; State sanatorium \$37,500; School for feeble minded youth \$20,000; Soldiers Home \$220,000; Reformatory at Pendleton \$500,000; State farm \$8,000

Fiery, Itchy Skin Quickly Soothed With Sulphur

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Rowles Mentho-Sulphur may be had at any good drug store.

CITY TO REVISE DRAIN PETITION

Councilmen Decide to Start Over
Again in Court Proceedings to
Enclose Hodges Branch

THROWN OUT SEVERAL TIMES

Attorneys are Instructed to Get
Started Right This Time—Other
Notes of Meeting

The proposed improvement of the enclosing of the Hodges Branch drain with a concrete sewer, which has been under fire for almost a year, and was thrown out of court last week on account of an error in the record, will again be pushed forward, according to the decision reached Tuesday night at the regular session of the city council.

Although the case had three chances in the circuit court, and failed, yet the councilmen believe that the project will go through now, and the entire matter will be started over, where it was originally begun.

The cause was abated last week on account of the record of the city council not being complete, as to defining the boundary lines, and the city attorney, J. V. Young was instructed to begin the proceedings over, and present the new documents at the next meeting night, March 6.

Donald L. Smith and John A. Tittsworth, attorneys, also will assist the city attorney in the deal. The same plan will be followed again, appealing the matter to the circuit court in order to secure legal right to assess all property affected by the improvement, which includes 1200 or 1500 acres of farm land north of the city.

The farmers north of Rushville object to the proposed improvement, but the contention of the councilmen is that the water accumulates on these lands and causes the high waters in Rushville, and that they should pay their share in taking the water away. It is understood that the farmers object to paying a sewer assessment for the city of Rushville.

The usual routine of business was transacted at the meeting last night, and a proposition was submitted by McGuire and Shook, architects, for the construction of a new roof over a portion of the water and light plant, which will be made necessary when a coal loader is purchased. Their proposition was deferred until definite action is taken on the bids for a coal unloader.

Two firms who had bids for the coal conveyor will be here Friday night and discuss their machinery in more detail, as it is understood that the councilmen have about sifted the bids to a few firms.

A telephone was ordered installed in the office of the city street commissioner, in his building recently converted into his headquarters, at Market and Washington streets.

The usual accounts and bills were allowed and the meeting adjourned.

SEVERAL CLAIMS ARE FILED

Barrett against the same estate for \$102.50; Emma Gordon against the same estate for \$216.28; Frank J. Baker, clerk of Franklin county against A. L. Gary, administrator of the estate of Virgil Thompson, claim for \$35.20.

OHIO WOMAN IS NOT CATHERINE WINTERS

Newcastle Dentist Says Picture
Which He Received Does Not
Resemble Missing Daughter

DISAPPEARED 10 YEARS AGO

Newcastle, Ind., Feb. 21.—After seeing a photograph of Mrs. Clyde Taylor of Middleport, Ohio, who thought she might be the missing Catherine Winters, Dr. W. A. Winters, father of the girl who disappeared from here on March 20, 1913, announced today that Mrs. Taylor was not his daughter and he would not go to Middleport for a further investigation. Mrs. Taylor claimed she was kidnapped when a small girl and that she recalled having been called Catherine Winters. Dr. Winters said the photograph showed no resemblance to his daughter, although he admitted there would probably be a great change in the course of nearly ten years. He said Mrs. Taylor's eyes did not correspond to his daughter's and there was nothing in the facial expression to indicate a similarity.

The photograph of Mrs. Taylor was sent here by C. A. Hartley of Pomeroy, Ohio, which is adjacent to Middleport. Hartley explained he was merely taking an interest in the case. A letter was also received from Mrs. Taylor, in which she related her story of being kidnapped and of recently visiting a fortune teller who mentioned the name of Catherine Winters and how a neighbor had told her the story of the disappearance of Catherine Winters.

MAN BEATEN IS PLACED ON RAILROAD TO DIE

Unidentified Man, Killed by Train
Near Plymouth, Bore Signs of
Having Been Robbed First

MYSTERY SURROUNDS AFFAIR

Plymouth, Ind., Feb. 21.—Beaten into unconsciousness, robbed and placed on the tracks of the Pennsylvania railroad near here today, under the wheels of an engine, the unidentified body of a man was found by authorities.

A spark of life which made the heart beat faintly, flickered out as soon as the victim was discovered. An east bound train had passed over the body severing one leg and otherwise mutilating him.

Authorities said the man apparently had been tied to the tracks in a dying condition in an effort to conceal a murder, assault and robbery.

It was learned that the man had withdrawn \$150 from a bank in Chicago a short time before. The railroad schedule revealed he could not have come here on a train between the time of the withdrawal of the money and the time the body was discovered. This led authorities to follow the theory that he had been slugged and robbed in Chicago and brought here in a fast automobile.

Spectacular Filibuster by Senators
Cause Ship Subsidy Bill to be Delayed, it is Charged

LONG SESSION LAST NIGHT

Some Senators Occupy Floor in Long
Speeches About Topics of Little
Importance

Here's What the Senators
Talk About on the Floor

Washington, Feb. 21.—Today's chief contributions to the senate ship subsidy filibuster were to include:

Senator McKellar, Tennessee: From six to eleven hours or more, reading Senator Smoot's 1915 filibuster speech on the Wilson ship bill.

Senator Stanley, Kentucky: Two hours, on prohibition and general topics.

Senator Borah, Idaho: One hour of Russia.

Senator Hefling, Alabama: Indefinitely on King Tut-Ankh-Amen and his relation to the present federal reserve system and the "wolves of Wall street."

Filibuster speeches already made included: Senator Sheppard, Texas, ten hours forty minutes on the league of nations.

Senator Williams, Mississippi, 43 minutes on "republican short comings" and "lame ducks."

Senator Caraway, Arkansas, ten minutes on the dismissal of bureau of engraving employees.

Senator Reed, Missouri, two hours on buying the West Indies.

Senator Harrison of Mississippi has collected all bills not passed by the senate, numbering more than one hundred. He plans to have them and the reports thereon read as amendments to the ship subsidy bill and make a speech on one.

By LAWRENCE MARTIN
(U. P. Staff Correspondent)

Washington, Feb. 21.—President Harding is to be appealed to today to stop spectacular senate filibuster that is not only slowly strangling the ship subsidy bill but is tying up much other important legislation.

With the situation completely in the hands of the filibusterers some administration senators planned to ask President Harding either to surrender on the ship subsidy and permit it to be dropped, or to whip into line the filibustering senators. As most of these are democrats, however, Harding has about as much power over the filibuster as the wholly powerless administration leadership of the senate itself.

Either the administration must yield, the filibuster must be won over to some compromise or the session will die in the worst tangle jam in the last decade.

The decision to go to Harding was reached last night after a session lasting 12½ hours in which the filibusters demonstrated how complete was their grip on the situation. They were not strong enough to outvote the administration forces, but they could tie their hands and this they did with comic regularity throughout the evening.

The recess was taken at 11:37 p. m. until 11 o'clock this morning to

Stout Folks Damage King Tut's Shrine

Squeezing Past Gorgeous Gold Canopy Covering Calafaque and Nearly Filling Burial Chambers Crush Fragile Texture of Tomb and Further Incursions Are Barred

(By United Press)

Luxor, Feb. 21.—Stout visitors to the inner tomb of King Tut-Ankh-Amen, squeezing past the gorgeous gold canopy that covers the calafaque, and nearly fills the burial chambers have damaged the fragile texture of the shrine and further incursions are barred.

Lord Carnarvon, who, with Howard Carter, traced the ancient monarch to his last resting place, was horrified to discover that the delicate traceries of the canopy had been rubbed away in spots by passage of his guests for whom the 18 inches of space between the tent like covering of the sarcophagus and the walls proved inadequate. From now on, the privileged few permitted within the lines may only peep into the inner tomb through the opening torn through the wall on Friday.

Egypt is beginning to agitate for her own. Although the discoveries were British, there is a strong movement on foot to force the Egyptian government's hand and require that the priceless treasures of the tomb be taken to Cairo and kept there, in possession of King Fouad, now ruling 3500 years after Tut-Ankh-Amen.

Another movement is afoot to let the monarch of 3500 centuries ago rest in the "Valley of Kings" where he witnessed his priestly glory.

Others want to erect a museum in the valley and protect the priceless relics of Tut-Ankh-Amen.

At any rate the king's tomb will be sealed until autumn when return of moderate weather will permit further removal of the catacomb's treasures.

Ford Reincarnation of King Tut

Denver, Colo., Feb. 21.—The soul of Tut-Ankh-Amen, pharaoh of the Nile of 35 centuries has been reborn in the fleshy mould of Henry Ford, according to Frank D. Hines, "soul scientist."

Hines, who recently declared a woman's head had followed him about for several days sent his astral body on a rush trip to Luxor, Egypt, and into the tomb of the ancient ruler, he explained today.

"As soon as I returned, I recognized Henry Ford as the re-incarnation of 'Tut-Ankh-Amen,'" said Hines. "The latter had the gift of drawing the world's wealth to him. He was of the acquisitive type."

Hines added that the ancient monarch also had occupied the "fleshy mold" of a Caesar and an emperor of China in the twelfth century.

Judge Will M. Sparks delivered the principal address Tuesday night at Morristown when the new community building in that town was officially dedicated.

The new community building embodies all of the excellent qualities of a modern building, and a large auditorium is provided for meetings of all kinds with conveniences for the public. A large room also is provided for banquet purposes and the farmers of the community will have ample room for institutes and federation meetings. The building site was donated by the town council, and a donation of \$8,000 was made by a citizen, and the rest of the money was raised by subscriptions. A balance of \$700 was all that remained unpaid, and following the address of Judge Sparks, an effort was launched to close the debt.

ANCIENT TEMPLE IS BEING UNEARTHED

Landmark in Mesopotamia, Built 25
Centuries Before Christ, Expected
to Reveal Ancient History

IS OLDER THAN KING'S TOMB

Philadelphia, Feb. 21.—A Babylonian temple built 25 centuries before Christ—centuries more ancient than the tomb of King Tut-Ankh-Amen in Egypt—has been discovered at Ur, Mesopotamia, according to Sir Frederick George Kenyon, director of the British museum.

The discovery was made by the joint expedition by the British museum and the University of Pennsylvania.

Sir Kenyon, in Philadelphia today told the university officials the inner secrets of the discovery.

The temple, now being unearthed, is believed to have been erected in the time of Abraham, Nebuchadnezzar of Biblical history, is thought to have made extensive repairs on it, although the building is one thousand years older than the Babylonian king.

Excavating at Mesopotamia was first started by the University of Pennsylvania more than 25 years ago. The work was halted at the beginning of the World war and a fresh start was made last year, under the direction of four scientists.

AMENDMENTS STILL HOLD LEGISLATORS

Measures of Little Importance, Adding to Appropriation Bill, Takes up Morning Session

BILL NOW TOTALS \$17,653,102

Sen. Lindley's Motion to Strike Out
Reformatory Appropriation is
Placed on Table

Indianapolis, Ind., Feb. 21.—Many minor amendments still further increasing the total of the appropriation bill, were added by the senate today, while the house spent the morning considering measures of little importance.

Indications in the house were that the action of the senate in boosting the total by more than two million dollars above the figure set by the representatives, is to be stoutly opposed by some of the republicans as well as by the entire democratic minority.

The bill now carries a total appropriation of \$17,653,102.22.

It now rests in the senate after a day and a half of consideration. It is ready to be brought up for second reading.

The sum of \$64,665.85 was added today. Of this \$4,000 went to the state department of conservation as an additional appropriation for the next two years.

Another close fight on the reformatory appropriation resulted in a victory for the administration.

Senator Alonzo Lindley moved to strike out the two million dollar appropriation and to instruct the senate finance committee to draft a new appropriation bill for the reformatory showing an itemized form where every dollar to be spent would go.

Lindley said the tax payers had a right to know for what their money is being spent.

A motion of Senator Richards to table Lindley's was carried 26 to 21.

Another bill failed in the house when the committee report recommending indefinite postponement was adopted. It included, conferring the power to land owners or occupants to arrest anyone violating the fish and game law on their property. Permitting counties to issue bonds to pay for returns on roads, under the three mile law the cost now which would exceed \$500; prohibiting smoking in cafeterias or restaurants frequented by women.

Appropriation continued to hold the center of the stage in the legislature.

UPHOLDS TRADITION OF DOG FIDELITY TO MASTER

Decatur, Ind., Feb. 21—All the traditions of a dog's fidelity to its master were upheld by a little mongrel which led neighbors to the lifeless body of Solomon Wolfe, 61, who died from tuberculosis.

School children in Berne near here saw the aged man at home a few days before his death was discovered. He had asked them to bring him water. He was unable to go out for it.

Residents of the community went to the home when they had failed to see the aged man for some time. The little dog wagged its tail joyfully when the neighbors entered the home and ran into a bedroom, where the body was discovered partly clothed, lying halfway under the bed. Death apparently had occurred while Wolfe was retiring in the solitude of his home. The dog had slept beside the corpse on a pillow.

You will be amazed to see how the use of "Bull" Durham will cut down the cost of your smoking.

How is it possible to give you quality at the low cost of 10 cents for 50 cigarettes?

Here's one reason: The government tax alone on 50 machine-made cigarettes is 15 cents—**5 CENTS MORE THAN THE COST OF 50 "BULL" DURHAM CIGARETTES TO YOU!**

The average smoker saves \$1 to \$1.50 a week by "rolling his own" from "Bull"—or from \$52 to \$78 a year. This makes quite a Christmas fund—or pays for a fine trip.

THE GOLDEN RULE:—As ye
would do that men should do to you
do ye also to them.—Luke 6:31.

The Sun's Comeback

Old Sol may scorch and smite us
in summer. But he seems the world's
best friend, in these days of late
winter when he rises earlier each
morn, bringing a presage of longer
daylight, renewed fertility, and out-
door pastimes.

The short days of winter have
never been popular. Yet this curtain
of early dark serves its purpose, and
shuts out distractions that turn one
from self improvement and from
one's daily tasks. In winter people

find time to read their newspapers
more thoughtfully, to ponder over
good books, to enjoy friendly inti-
macies. The cool weather stimulates
energy, and working habits are less
interrupted by outings and vacations.
But the returning sun brings a
thrill of anticipation. Folks who fret
and grumble under the July sun, are
yet captivated by the fascinations
of the seed catalog which they study
under the February lamp. The women
folks are excited by the spring
fashions, and plan new and fetching
costumes.

It is not surprising that primitive
peoples worshipped the sun. His de-
parture in autumn seemed the defeat
of life. His return in spring was the
victory of light and fertility. There
is something majestic in this pro-
cession of the seasons. It gives one
confidence in the universe, makes
one feel that seed time and harvest,
day and night, summer and winter,
shall not fail, but each shall perform
its loving service for the welfare of
humanity.

Gass Pains of the Digest

The Literary Digest throws a few
fits under the heading, "America
aloof as Europe burns." The only
trouble with this is that it is not
true. America is not aloof. We have
been aiding Europe by extending
commercial credits to the amount of
more than a billion dollars a year
since the close of the war. We have
sent shiploads of supplies to the
hungry in Russia. Our Red Cross has
given aid wherever needed. Our
Government has deferred collection
of either principal or interest on the
debts due us, Great Britain alone
having paid a part of the interest
due from that nation. Moreover, our
Secretary of State has pointed out
to France and Germany the only
practical means of settling the re-
parations dispute without resort to
force—the appointment of a com-
mission of prominent business men
who will survey the resources of
Germany and determine her ability
to pay. The United States has held
aloof in only one respect—it has re-
fused to become embroiled in the

fends of Europe. Let the Literary
Digest get as hysterical as it likes
—the rest of the country will remain
calm.

Cabinet Migrations

With the adjournment of Congress
the President and the heads of his
executive departments will plan to
spend part of the spring and sum-
mer away from Washington. Mr.
Harding will go to Florida, and later
make an extended trip through the
West and perhaps to Alaska. Secre-
tary Hughes will go to Chile to at-
tend the pan-American conference
there. Secretary Denby will witness
the fleet maneuvers in the Pacific.
Other secretaries will familiarize
themselves with the field work of
their respective departments. While
the President is getting in personal
touch with the people he serves, his
aides will see their policies actually
carried into effect by their forces
outside of Washington. Many editors
will have a lot to say about official
junks at public expense, but effi-
cient administration comes only with
thorough familiarity with the busi-
ness in hand. The huge economies of
the administration are sufficient an-
swer to carping critics.

WEEKLY STORE NEWS
From ALLEN'S

What shall I have for dinner? It is perplexing at times not
to be able to think of something different for a meal and when we
are asked this question (which is quite often) if the articles we men-
tion do not appeal to the lady we suggest that she come to the store
and look around for a few minutes. There are so many things
displayed on our shelves that are "just a little different" that it
makes the planning of a meal easy.

The sugar market is in a very unsettled state. We feel that the
present condition is not justified by facts. The advances of last
week were caused by reports of a shortage in the raw sugar crop.
From information that we are able to get from government reports
and trade papers there is almost as much sugar available for this
year as there was last year. If folks will not get excited and will
buy in small quantities just as needed there is no danger of extreme-
ly high prices but if everybody rushes in and tries to buy all the
sugar in sight they will be playing directly into the hands of the
speculators who are responsible for the present flurry and the in-
creased demand will be used as an excuse to boost prices higher.
If sugar prices should get sky high the consumer will be the cause
of it.

Next week is National Canned Goods week. In our ad next

MOSCOW AND MILROY WILL MEET TONIGHT

Two Rush County Teams Will Face
Each Other On Blue Ridge Court
—Moscow Center Is Off

GOSNELL RESTS FOR TOURNEY

Coach L. E. Means and his squad of eight players arrived home at Moscow from the Tri-State tourney, none the worse for the trip, and are getting ready for the two games this week.

Milroy will meet them tonight at Blue Ridge and then on Friday night the Moscow team will journey over to Morristown for a game.

Gosnell, star center and one of the mainstays of the team, was sick and could not go to the Cincinnati tourney, yet without his services Moscow scored as many field goals against the Elwood team in the two ten minute periods, as any other team did in their 15 minute halves.

Gosnell probably will not get into the Milroy game tonight, but will save himself for the last game at Morristown and for the sectional tourney here next week.

New York — Claude Jonnard and George Walberg pitchers and Ralph Shimmers, outfielders, have returned signed contracts to the Giants office.

Skin Ablaze with Eczema Constant Itching Almost Unbearable!

We know there is one thing that stops eczema, and that is more red blood cells. S. S. S. builds them by the million! You can increase your red blood cells to the point where it is practically impossible for eczema to exist. We know that as

blood-cells increase in number, blood impurities vanish. We know that night follows day. Both are facts! But have you, eczema sufferer, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it! Skin eruptions, eczema with all its fiery, skin-itching torture and its sore, tearing, unbearable itching, pimples, blackheads and boils, they all pack up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting-giants of nature! S. S. S. builds them by the million! It has been doing it since 1820! S. S. S. is one of the greatest blood-cell builders, blood-cleansers and body builders known to us mortals! When you put these facts together, then to continue to have eczema and skin eruptions looks more like a sin than a disease. Mrs. Arthur N. Smith, Pearl St., Newark, Ohio, writes:

"My little girl had a very bad case of eczema. She began taking S. S. S. and in well now. I thank you very much. I tell my friends what a good medicine it is. I cannot talk too much about it, for I know it is O. K."

Here is your opportunity. S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red blood-cells, it cures rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down. S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.

WE'RE GOIN' TO GIVE HINTS ON GOOD HOUSEKEEPING

Dear Hittin' 'em: "When the basketball season is over, what are you going to write about?"

ANXIOUS FAN

We'll turn this column over to our society editor then.

MAYBE YOU KNOW A FAN LIKE THIS

Ain't it a lot of fun to be sittin' at a basketball game, and have someone right behind you, call all of the fouls for the referee and explain the game as it goes along? What fun do you get out of the basketball games?

Dear Hittin' 'em—Why isn't the band, entitled to a good seat at the games, as well as the rest of us? They may not pay admission as we do, but if their services are not worth the price of admission, why have a band at all.

How about Mr. Taylor and Lucas and the other fellows from the city band that have been giving their time and services gratis to the school band in order to encourage the youngsters. Some of these fellows have been playing with the school band for the last three years. Do you think putting them where they couldn't see the games would be fair to them, or an inducement to the youngsters to have a band?

A Loyal Friend to the Band.

AS WE SED BEFORE

Well, it is just the same as Hittin' 'em said the other day: The fan who suggested the idea, ought to move downstairs where there is plenty of room. He might come a little earlier and have the pick of seats.

BUT EVEN AT THAT, THOSE GLASS BANKING BOARDS WOULD BE MIGHTY FINE, DON'T YOU THINK?

YOU GOTTA BIG JOB, CARTHAGE

Carthage tackles Shortridge at Indianapolis Friday night for their last game of the season before the sectional. We'd like to see the Rush county team bring home a victory.

WE'RE GONA GO SOMEPLACE

The days are not far distant when the curtain will fall on basketball in this state. When the curtain falls, Hittin' 'em and Missin' 'em will visit Santa Claus or some other relative until next December.

JAKE PARRISH DOOR KEEPER AND BOUNCER AT THE HIGH SCHOOL GYM TELLS US THAT HE IS CONFIDENT THAT RUSHVILLE WILL DEFEAT ANDERSON FRIDAY NIGHT.

WHAT ELWOOD HOPES TO DO

Elwood will be a hard foe Saturday night. They have won 23 straight games, including the ones in the Tri State tourney, and on Friday they play Pendleton, expecting to round out their season of 25 games with a clean record over Rushville.

Elwood, you know, even has their head set on winning the sectional at Anderson. We kinda doubt it.

WE LIKE TO DOUBT

On the other hand, Connersville even has their head set on winning the Rushville sectional. We kinda doubt that also.

THANX MOSCOW

Dear Hittin' 'em—We noticed your little article regarding the manner and attitude of all the neighboring schools as being so hostile to Rushville Hi, etc., and feeling between these schools so bitter. We wish you would strike us off that list as we

admired and appreciated the sportsmanship and clean manliness exhibited to us after we defeated Rushville in the invitational, by every Rushville player, Captain Phillips and Coach Jones. No cleaner, manlier, opponents we ever had or ever want, and Rushville we're wishing for your success. Signed,
MOSCOW H. S. B. B. TEAM

WE NEED A COUNTY SPIRIT

If all of the county towns would get-together and have a county spirit, we would all be better off. Hittin' 'em can remember many instances where Rush county towns would lend their aid in games to some other team outside of the county. If the final contest of the sectional tourney should fall to the lot of Connersville fighting, Moscow, Webb, Milroy, Carthage or any town in this county, we all should have enough pride to support our home teams first. We owe it to them, regardless of petty feelings. Just because Rushville gets knocked off by Moscow, should not turn the Rushville rooters against Moscow. It really should work the other way. If they are strong enough to win, then everyone in the county ought to get behind them, and push the county spirit. We're for the best team in the county.

Moscow and Milroy tackle each other tonight over at Blue Ridge. Gosnell, center for Moscow is still off on account of sickness, so the prospects of the Orange township team are not very bright.

We didn't make a bad guess on the Vincennes-Garfield game. We said the score would be 47 to 25, but it was 50 to 24 last night.

Manilla lost to Shelbyville in a practice game Monday afternoon, 21 to 49.

ARLINGTON WINS IN FINAL TOURNEY GAME

Deciding Game is Played. Tuesday Night and Winner Will Meet Muncie Team in State Contest

JUNIORS WERE RUNNERS-UP

In the final wind-up of the Independent basketball tourney held in Arlington Tuesday, the Arlington Juniors defeated Orange, 38 to 25, in the first game of the evening series. The game was well played and was close throughout the game until the last several minutes of play when the Juniors pulled away from Orange.

In the second game of the evening Arlington-high school girls won from the Manilla girls 25 to 22. The last game, which decided the victors, was played between the Arlington A. C.'s and the Arlington Juniors, and the final outcome was 39 to 21 in favor of the A. C.'s.

The A. C.'s, who were the winners of the tourney, of this district, will play the Muncie Maroons, in the state tournament at Indianapolis Thursday afternoon at three o'clock.

The tourney games were played last Friday and Saturday, but the Connersville team which won, was protested on professionalism, and it was necessary to play part of the tourney over, which gave the game to the Athletic club of Arlington.

LINGERS TEN DAYS

Muncie, Ind., Feb. 21.—After lingering for more than a week, Mrs. Nellie Applegate, 35 is dead, here from burns suffered in the explosion of a gas stove at her home ten days ago. Brant Applegate the husband died a few hours after the explosion and Pearl, 10, the only daughter who is still living, is burned so badly she will be a cripple if she survives.

AN OBSERVER

Indianapolis, Ind., Feb. 21.—Members of the house of representatives indulged in a minute of play when Miss Elizabeth Rainey of Indianapolis, only woman law maker, introduced a bill to change the law concerning marriage and divorce.

"What right has Miss Rainey to introduce a marriage and divorce bill?" asked J. Glenn Harris of Lake county. "She hasn't any experience."

Miss Rainey leaped to her feet with a smile and remarked: "Perhaps not, but I have learned a lot from looking on."

Magnates Expect Big Year

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Feb. 21.—Big league baseball parks are being enlarged during the off season so that room for 461,000 fans can be found around the two circuits. This is an increase of over 100,000 seats.

Owners of the New York Yankees put close to \$2,000,000 into a new stadium that will accommodate 65,000 and can be increased to 100,000 if the need arises.

The Yankee owners are the shrewdest business men in baseball and they must think that they are making a good investment of their money.

Improvements bring added seating capacity at the Polo grounds and the Cubs park indicate that other owners figure that the baseball business will be good in the future.

Business wasn't as good last season as it was in the years immediately following the war, but no one expected it to be. A slump had to come and when it did arrive it was fortunate that it didn't run away with itself.

From mid-winter observations it looks like a four team race in both leagues. Business ought to be good if there is such keen competition and a hot race.

Then also there is the case of Babe Ruth.

100 WAYS To Make Money

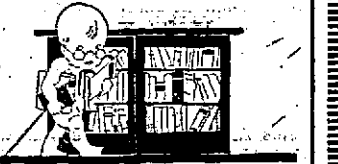

By BILLY WINNER

If I Wanted a Library—

I WOULD have my library as complete as I wished, and it would contain books that you might not believe me financially able to buy. I would even get hold of rare old books, long out of print, unobtainable in book stores.

I would get these quickly, easily and cheaply by advertising for them with Daily Republican Want Ads.

I might have some books that I wanted to sell. I would sell them through The Daily Republican Want Ads to other book collectors who know enough about hunting bargains to look over the Want Ads in The Daily Republican.

Miss Irene Reardon of Rushville sang two beautiful numbers and all were charmed by her sweet voice and personality. Lucile and John Edward Porter gave two clever monologues and were forced to respond to an encore by an appreciative audience. At this time the folding doors of the dining room were thrown open and we beheld the grand old family of George Washington, seated around the table. COUNTERFEIT GANG ROUNDED UP TODAY

New York, Feb. 21.—A gigantic counterfeit corporation with "manufacturers," "wholesalers," and "retailers" of false bank notes, was revealed this afternoon following the arrest of twenty eight alleged members of the gang.

Capture of the alleged counterfeiters today brings the total under arrest to sixty four and marks the partial culmination of a chase that has led Federal Agent Joe Palma and his operatives to all parts of the world since August 22, 1922. Notes broadcasted by the gang which was rounded up last night and today found their way to Europe, Cuba and the Bahamas. They were circulated abroad by bootleggers who had been themselves victimized by the counterfeiters.

AMUSEMENTS

TWO DAYS AT PRINCESS

Impressively done is the Cosmopolitan production, "The Pride of Palomar," which will open at the Princess Theatre today for a two day's showing. The cast is an all star one featuring Marjorie Day, and including such well known players as James Barrow, Joseph Dowling and Warner Oland.

The title is a familiar one to many the picture having been adapted to the screen from the widely read novel of the same name, by Peter B. Kyne. Treating a vital problem with intelligence, the story has a wide appeal. Frank Borzage, who produced "Humoresque," "The Valley of Silent Men" and "Get Rich Quick Wallingford," was the director. Plentiful evidence of the Borzage touch is evident in the production, while the work of the admirably selected cast is splendid.

At The Mystic Today

A treat is in store for the amusement lovers of Rushville. For today there will be shown, the William Fox production of "Catch My Smoke," Tom Mix' latest starring vehicle which has been the talk wherever it has been exhibited. Not only does the story appear interesting but the acting, direction and photography, according to the producer. There are also deft touches of comedy throughout.

"Catch My Smoke" tells the tale of a returned soldier from France (Tom Mix) who, upon arriving at his ranch discovers plans afoot to do away with him when his enemies discover oil upon his property. How he eludes his enemies with the able assistance of his equine pal—Tony—rescues the girl of his dreams and comes into his own ought to provide six reels of absorbing action.

TO ASK HARDING TO STOP DELAY

Continued on Page Six permit two measures to be taken. One was the appeal to Harding, the other an attempt to arrange a compromise.

Last night's recess ended a session thoroughly enjoyed by a big crowd in the galleries which was enabled by the recess motion to reach home only a little later than those who paid their way into regular theatres. The senate's performance particularly in the hour from 9:15 to 10:15 was regarded by the galleries one of the season's most enjoyable comedies.

It's title might have been "hide out," or "quorum, quorum, who's got the quorum?"

Senator Jim Reed, Democrat had been speaking since 7:15 p. m., on the advisability of the United States buying the French and British West Indies. Some of his colleagues thought he was tired.

"Let me call a quorum, Jim," suggested Senator Robinson, in a loud whisper. Reed assented. Curtis, watchful Republican whip, made a point of order that Reed couldn't yield without losing his place. The senate wrangled about it but finally the roll was called and there was no quorum. Senator Robinson, Democratic leader, then moved to adjourn. This motion lost, again disclosing that there was no quorum.

AMENDMENTS STILL HOLD LEGISLATORS

Continued from Page One lature today with continuation of the senate fight over the items approved by the house.

Up to the time the senate resumed its deliberations, a total of \$2,113,120 had been added to the bill and \$25,000 had been taken from the appropriation for the public service commission. In the form is passed the house, the bill carried a total of \$16,000,000 to maintain governmental departments and institutions for the next two fiscal years.

Included in the additions was \$500,000 for the reformatory at Pendleton. This restored the total reformatory appropriation to the \$2,000,000 figured asked by Governor McCray from \$1,500,000 to which the house representatives reduced it.

That item was the subject of long debate. Senator Walter S. Chambers democrat made a futile effort to reduce the appropriation to \$750,000. The rising vote announced as 25 to 21 showed six republicans—Lambert, Behmer, Cann, Hartzell, Barker and Lindley—voting with the democrats. Senator Hays, a democrat voted with the republicans Senator King, democrat did not vote.

Members of the republican majority who intended to submit to the senate amendments balked when the amount of increase became known. Indications were that the revised bill would meet strong opposition when it returns to the house for concurrence in senate amendments. Two or three republicans voting with the democratic minority in the house would reject the additional money and might even jeopardize the bill in its entirety.

Here are the additions made to the bill late yesterday:

Insurance department, \$10,000; Adjutant general \$23,000; Department for public instruction, division of teacher training, \$1,100; division of school inspection \$3,900; Indiana University, service plant for hospitals and school of medicine, \$275,000; State Normal at Muncie, power plant \$85,000, science hall \$125,200; sewer \$16,000; Purdue University power plant \$275,000; school for deaf \$1,000; state library \$5,000; Board of state charities, \$8,000; eastern hospital for insane \$37,000; Southern hospital for insane, \$91,000; Farm colony for feeble minded \$80,000; State sanatorium, \$37,500; School for feeble minded youth \$20,000; Soldiers Home \$220,000; Reformatory at Pendleton \$500,000; State farm \$8,000

FIFTY-FIVE PERSONS ARRESTED IN JANUARY

Mannfeld Of Conservation Department Reports 53 Convictions For Violating Fish And Game Laws

FINES AMOUNTED TO \$1,034

Indianapolis, Ind., Feb. 21.—Fifty-five persons were arrested in January and 53 convicted for violating the fish and game laws, George N. Mannfeld, superintendent of the fish and game division of the state conservation department, reports. The greatest number of offenses were for taking fur bearing animals in an unlawful manner. Twenty-four persons were arrested on this charge, Mannfeld says.

The offenses follow: taking fur bearers in an unlawful manner, 2; hunting without permission of landowner or tenant, 8; hunting without license, 7; hunting on Sunday, 4; shooting quail in closed season, 4; possession of undersized bass, 2; possession of illegal nets, 2; fishing through the ice unlawfully, 2; hunting with ferret, 1; damaging property while hunting, 1. Fines and costs in the 53 convictions amounted to \$1,034.55, about one-fourth of which goes to the school fund.

Mr. Mannfeld calls attention that in January 1922 76 arrests and 70 convictions were made with fines and costs aggregating \$1,632.60. In 1918 and 1919 under a former administration only 5 arrests and 5 convictions were made and \$103.55 collected in fines and costs in the same period.

BUSINESS REVIVAL SHOWN

M. Burt Thurman, Collector Of Internal Revenue Makes Report

Indianapolis, Ind. Feb. 21.—Marked business revival was indicated today by the January report of M. Burt Thurman, federal collector of internal revenue here.

Manufactures taxes amounted to \$582,980.05, an increase of \$117,000 over the figures for January 1922. Taxes from admissions to picture shows, theatres, etc., and dues amounted to \$171,117.49, an increase of more than \$14,000.

Due to a change in the law, telephone tax receipts dropped off about \$133,000, and despite this fact, the January receipts from this source exceeded those of a year ago by \$31,000.

Fiery, Itchy Skin Quickly Soothed With Sulphur

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Rowles Mentho-Sulphur may be had at any good drug store.
